Versatile Mounting Options Protecta Luminaire

The Protecta Mounting Accessories range is a complete solution consisting of everything required for mounting and installing our Protecta Luminaires.

From pole mounting to ceiling mounting and flush mounting all our accessories are made with marine grade 316L Stainless Steel materials, providing both quality and durability for the harshest environments.

Our reliable mounting accessories have been used worldwide since 1989 with our legacy Protecta products, and we continue to supply versatile mounting options suitable for our entire range of LED Protectas.
